The design bible's own entry for v11.334

v11.334 — 2026-10-31

- **4.39, the thin half-hour is 3:30 to 3:59 (T-501, the user, by multiple choice).** What is built already makes half past three the moment: OSRIC HATTER's clocks come right and the glitch peaks at :30. THE BOOK OF THIRTEEN's last spell, THE WITCHING HOUR, and the Blank Tablet's thirteenth line move from 3:00-3:30 to 3:30-3:59 to match. Nothing in the ROM changes; neither is built yet (T-483).
- A Settled entry in section 10.
