The design bible's own entry for v11.330

v11.330 — 2026-10-29

- **9.32, Traded, lent and given (new section).** It brings together the trading the companion does (T-473, C-219), loans and the PENPHIN pair, and it adds the gift (C-223, T-492; the user chose by multiple choice). A gift arrives with "[NAME] arrived as a gift." and FIRST MET: A GIFT, and it still trade-evolves. Both lines are DRAFT.
- **3.10:** all three surfaces now keep the calendar. The menus and the field were released in v11.329.1 (T-481 B, C).
- A Settled entry in section 10.
