#### The design bible's own entry for v11.312

### v11.312 — 2026-10-26

### The second joining, as built (T-457)

- ***4.37 (the user, after the build)*: her aide hands over the GLOBAL INDEX with nothing from CRYSTAL** *-- in play it comes before THE ANNEX, so the record arrives while she is away* **-- and her one quiet line moves to the receiver, when the player finds her at it after THE ANNEX.** *The papers are PROSPECTUS 7 and 8 (school.md holds 4 to 6), on the lab shelf beside the INDEX unit. Built in v11.311.1, every word a DRAFT placeholder.*
