The design bible's own entry for v11.344

v11.344 — 2026-11-08

- **9.21, a day's symbol (T-531, the user, by multiple choice; the seven marks approved as drawn).** Each weekday gets one wordless symbol: its centre as a ring of its traditional petal count, in ink; a level line through it, the word *over* made visible; the virtue's mark above in the day's colour, and its shadow below as the same mark reflected, faint and dashed. Chastity a closed dome, Temperance a level beam, Charity an open bowl, Diligence a climb, Forgiveness a knot opening, Kindness an arc sheltering a point, Humility a stem bowing. 4.38's "the seven centres never coloured" holds. First use: a daemon's dream, with a title of its own (still open).
