v11.325 — 2026-10-29

Two open questions closed

- ***A GLITCH (Open since 2026-09-24), the user by multiple choice*: only in THE HERMETIC LAYER** -- a few frames when the book first opens past OSRIC HATTER's warning, and once at 3:30 in his house; nowhere else, DOLDRUM CAVE as built (4.39, T-486).
- ***LAB NOTES 4 (Open since 2026-09-23)*: the page stays as built, its lines struck through.**
